MS Azure Certification Path

Certifications are broadly classified into three types.

Foundational Certifications (Sales Team Recommended)

- Azure Fundamentals
- AI Fundamentals
- Data Fundamentals
- Power Platform Fundamentals

Foundational training and exams provide a practical, high-level overview of Microsoft technology and validate your up-to-date knowledge of the topics.

Intermediate Certifications

- Azure Administrator Associate
- Azure AI Engineer Associate
- Azure Data Engineer Associate
- Data Analyst Associate
- Azure Developer Associate
- Azure Data Scientist Associate
- Power Platform Developer Associate
- Data Analyst Associate

Recommended for resources with role based knowledge on the respective Microsoft technology with hands-on knowledge.

Advanced Certifications

- Microsoft Certified: Power Platform Solution Architect Expert
- Azure Solutions Architect Expert
- Customer Data Platform Specialty
- Azure Cosmos DB Developer Specialty
- Azure Virtual Desktop Specialty
- Azure DevOps Engineer Expert

Advanced level certifications are recommended for people who are SMEs in their role based technologies. This may have an intermediate certification as a prerequisite.
